28 Years of Green and Yellow tractor fun

Jim Grove - Long Time Lover of Deere's

Jim got his start with John Deere during high school when he worked for a man that farmed with a JD 4020 and a JD 1020. These tractors were built well and were fun to operate. About 15 years ago, Jim saw a well-used John Deere 2440 with a scraper at Farmers' Equipment. This tractor had spent its life scraping a lot of cow manure at a local dairy farm. It needed some tender loving care and Jim was ready to provide this. Thus began Jim's collection of the green machines.

Jim has an ample machine shop and paint spray booth that makes bringing the tractors back to life easier.

Jim learned to drive a John Deere LA when he was 5 years old, so naturally he needed to find one of those. The 1946 LA was found in Sunnyside, in the Yakima Valley. This tractor was in tough shape and needed a lot of work. The engine was a special challenge to repair. This tractor belongs to his son, C.J. Grove. Jim and C.J. worked together to restore this tractor. Jim drove the JD LA in the 2019 Berry Dairy Days parade in Burlington. Jim purchased a new John Deere 401D backhoe in 1981. It was a very useful, practical machine used in his electrical contracting business for many years.

Another practical Deere is his JD 350 Crawler/bulldozer. It was sold new by Smith Tractor in Tacoma to a contractor. The owner and the JD 350 had a long and productive life together. It ended when the owner had a

heart attack, and the tractor had a blown engine. Jim made the necessary overhaul and brought the crawler back to life. A JD AW and a JD 3010 belonged to a friend who owned a ranch in Eastern Oregon. The friend was getting on in years and decided he wasn't going to restore the tractors himself. He gave them to Jim. Jim did a good job restoring both tractors. You will likely see them this year at some of the events. Jim hopes to have the previous owner drive one in a local parade.

Jim bought a used Gator, which was mechanically sound but needed some cosmetic work. After purchasing new seats, tires, fenders and applying paint, the Gator was ready to work.

The oldest tractor Jim owns is a 1935 AR, which still works. Jim has plans for it in the future.

Jim's favorite tractor is the JD 2440. It is a versatile, easy to drive diesel tractor. His favorite part of collecting is finding them, doing mechanical work, sheet metal repair, painting, field use and displaying them. It is all just so much fun! A tip of the green and yellow hat to Jim Grove, our summer 2022 featured member of the C2CC club.

President's Message

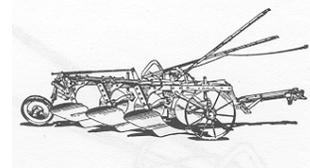

Our late minute plow day worked out well. The weather was good all day and field conditions were great. We could have used a little more help, but we plowed about 70 acres. It was a fun day. Had good attendance at the shop tour at Rozema Boatworks in Bayview, very interesting place, Thank you to Phil Smoots for putting it together. Coming up on June 18th is Burlington Berry Dairy Day Parade. Be there 9:30 to 10:00. Hope to have lots of tractors and the 4th of July parade in Sedro Woolley and Arlington. Its been 2 years since the last parades so lets make a good showing. July 16th is our tractor caravan at Greg Greenfield place, 13558 Bay View Road, Mt.Vernon at 9:00 am. We will caravan to Samish Island and back for lunch. Club will furnish hamburgers, hot dogs with drinks so bring a salad or desert for the pot luck lunch. Be ready for the tractor shows, Aug 12-14 in Stanwood. We had election of officers and board members at our April meeting. Con Holleman is our new secretary and Gary Friend replaced Con for the board position. All other open positions were reelected. Paul Hieb, President
