## Gathering of the Green 2010

Our club's Gathering of the Green gang left Burlington at 5:00 a.m. March 16 for a long day riding in a shuttle bus, airliner and a 12 passenger van to Davenport, Iowa. The group of ten arrived in Davenport just in time for a leisurely dinner at the famous Machine Shed Restaurant. In the Midwest the Machine Shed Restaurant is famous for its family style pork, beef and chicken dinners.

The initial group was composed of Dean Flaig, Paul Hieb, Ray Riggles, Loren Dahl, Greg Greenfield, Les Faber, Marlen Knutsen, Gary Friend, Tom Berschaer and Alerd Johnson. Adding to the group in Iowa was Gary and Marlene Reineke, Stanwood and Henry and Sandra Johnson from Pasco. Our Cascade Two Cylinder Club was noted in the Gathering of the Green banquet program as one of the ten Deere clubs having the most members attend. The total attendance at the conference was 2200 Deere enthusiast from the United States, Canada, Australia and the Netherlands. This was a attendance record thanks to the new conference location.

Our first full day in Iowa included a two hour bus ride to Keystone, Iowa to tour a classic Deere museum owned by a local John Deere Dealer, Darold Sindt. The new museum contained a good variety of Deeres from the Waterloo Boy to new generation tractors. Some were restored and others still in their working clothes. The town of Keystone got its name in the 1800s from the point where two railroads joined together and consequently creating a town. Today, a small town surrounded by miles and miles of winter corn field stubble. We noticed that Iowa has really gone "green" with wind mill farms and huge ethanol plants fed by what else, corn.

The three days of the Gathering offered a variety of seminars ranging from tractor maintenance, sourcing parts, antique barns, metal preparation/painting, plows and plowing, crawlers and other topics related to the classic John Deeres. For those that didn't want to at-

tend seminars, a varied offering of tours were scheduled to Deere factories, Deere collections and historical sites. A popular attraction was the 70 plus venders located in the conference center. Our gang made certain that our carry on bags were full of new and used Deere parts. In fact, several checked bags were included in our return trip to Washington.

On our van trip back to O'Hare International airport, Chicago we took a side trip to Forrest Junction, Wisconsin to tour Walter and Bruce Keller's ever growing collection of Deeres. If not familiar with Wisconsin, Forrest Grove is a little north of Oshkosh and a little south of Greenbay. The Keller collection is 550 tractors strong and is known for their collection of serial number 1 of many John Deere models. Although the collection is mainly Deere, Walter also collects other colors of tractors. One of the recent finds was a restored World War II Minneapolis Moline 6 wheel drive truck/tractor manufactured for the country of Brazil to transport canons. Of the 100 trucks made, this was the only one to have survived. Check our web site C2CC.org for pictures of some of the tractors.

We owed Gary Friend a lot of thanks for driving our van during our seven day stay. In spite of some good natured back seat driving, Gary got us to our desired destinations with navigational help from Greg Greenfield and the onboard GPS.

In spite of what you hear about airlines these days, our flight to and from Chicago was non eventful and arrivals ahead of schedule. I think all or our group would agree that as much fun as the Gathering was, it was good to leave the gray and brown Midwest to return home to the green and mild Washington weather. Would you believe it, they aren't even mowing lawns in Iowa yet!

## President's Message

The shop tours went well, first stop was at Barnett Imp. to see Jerry Rindal. 15 nice re-stored tractors, then on to Larry Hanson's to look at his truck and all colored tractors, and then on to the Mesman's near La Conner where Allen farms with some older equipment. Thanks to all for the tour.

Next up is plow day, May 1 or if rained out May 8 at Vic Jensen's same as last year with lunch, so come out and help plow.

June 5th is Farmers Day Parade in Lynden, should be there by 9:00 any questions call Norm teSelle or me. Not that far off to show time and this being John Deere year we want to fill the yard and make this the biggest EXPO ever.

Our next meeting will be April 24 at North Washington Implement in Lynden at 10:00.

Paul Hieb, President

## Separating the Chaff from the Grain

**H**ow's the **EXPO VIII project** doing? We have about 3 1/2 months before the big show August 4 thru 7 at Berthusen's Park, Lynden. The last time John Deere was the featured tractor at the annual P.S.A.T. & M.A. show, we had 190 Deeres exhibited. We hope to equal or exceed that this year. The featured model is the M series, implements and John Deere stationary engines. If you don't own one of those, then bring your favorite classic Deeres. Yes, new generation Deeres are good.

Our EXPO program is firming up with Slo Race each morning and parade each day at 11:00. Seminars will be Thursday, Friday and Saturday. A Potluck dinner on Thursday evening and the John Deere tractor pull on Friday afternoon. Awards will conclude the show on Saturday afternoon.

**C2CC Caravan 2010** is being planned for July 24 which is the fourth Saturday. The plan is to return to the ever popular Lopez Island and the warm Island hospitality. It's going to be a busy summer but club officers and the board didn't want

to miss the caravan. More information in the Summer newsletter.

**I**f you wish an official Cascade Two Cylinder Club magnetic tractor sign, Greg Greenfield, CTCC director, is the guy to contact. Most members want the tractor model, year, serial number and owner listed on the sign. A few other brief details could be added such as horse power etc. Greg may be contacted at 360-661-4632. Price is \$25 per standard sign.

**T**he Rainier 2 Cylinder Club has invited us to the **Down on the Farm Show** at Wilcox Farm, Yelm, Wa. This is an all color tractor event with antique cars, trucks etc. More camping facilities this year with new restrooms. The date is June 25 and 27, 2010. This is the third year for this show and it keeps getting better!

**I**t's plow season again and I just ran across a great book on early John Deere plows. The title is The John Deere Moldboard Tractor Plow, 1914 to 1960 by David Wolfe. The author has put a lot of research into the book and I don't think there is another book like it. Mr. Wolfe is also making some plow handle parts that you can't get from Deere. Book is about \$30 and can be ordered through BEDA Company 1 (608) 323-3087. *ajohnson*

### *Meeting Minutes*

#### **Cascade 2 Cylinder Club Board of Director's Meeting April 1, 2010**

#### **Tom Jensen's home**

**Meeting called to order** at 7:05 by Paul Hieb Pres.

**Minutes** of previous meeting read and approved

**Treasurer's Report:** \$1981.56 in checking and \$50 in cash..

**Old Business:** Good turnout for the Mid-Winter Gas Up, the weather was good until noon. Shop tour: Loren Dahl arranged a good one! The weather even turned out nice. We visited 3 places, first Barnetts to look at their tractor collection, then on to Larry Hanson's. Larry has a nice 730 John Deere as well as an Oliver that was sold by his father's dealership. He also has a very nice Hart-Parr and a small Farmall. After refreshments we visited Allen Messman's collection. Allen has an organic dairy and has been able to save and store inside a lot of the machinery and tractors that were used in and around his neighborhood, some of the machinery goes way back! **New Business:** Plow Day, Tom is working on a place to plow, date and time to be announced.

Hats, Loren is heading up a committee to choose a new hat for EXPO available soon. Parades this year, Farmer's Day- Lynden, June 5, 2010; Burlington Berry-Dairy Days June 26, 2010, Fourth of July Sedro Woolley, Arlington Fourth of July evening at 5:00p.m. Caravan: Lopez Island July 24, 2010. EXPO—

Authorized Norm to spend up to \$300 to buy light fixtures for the porch of JD building, this should add the final touch! We had a lengthy discussion about plans for EXPO and the Lynden show. We have a lot of good ideas and think people will like the results. Two-Cylinder national club has ordered all clubs to stop using the Two-Cylinder name and logo in any form by October 31, 2010. Alerd has spoken to them about this and we are not sure what their motive is. For now we will wait and see. Next meeting: April 24, 2010 Lynden, North Washington Implement, 10:00 am.

**Adjourned**, 10:00 p.m. Ray Riggles, Sec.
